February 24, 2021

Parents/Guardians/Custodians,

We are excited to announce that beginning Monday March 1<sup>st</sup>, 2021, Morgan County Schools will be returning to school using the hybrid A/B rotation plan. Below is an overview of hybrid model and A/B rotation:

- Group A students will attend school Monday and Tuesday and will be permitted to pick up meals for Wednesday, Thursday, Friday, Saturday and Sunday on Wednesday during the 3:00 PM to 5:00 PM pick-up time.
- Group B students will attend school Thursday and Friday and will be permitted to pick up meals for Monday, Tuesday, Wednesday, Saturday, and Sunday on Wednesday during the 3:00 PM to 5:00 PM pick-up time.
- Virtual only students will continue utilizing the Learning at Home model and will be permitted to pick up meals for the entire week on Wednesday during the 3:00 PM to 5:00 PM pick-up time.
- Students will ride the bus assigned to them in the Fall of 2020. If you need clarification, please contact your school.

Students returning to in-person learning will continue to adhere to the guidelines set forth by the Kentucky Department of Public Health and the Kentucky Department of Education that requires the wearing of mask and at least six feet social distancing. Until these guidelines are modified, Morgan County Schools must utilize the A/B rotation. When modifications occur Morgan County Schools will adjust accordingly in an effort to combine Groups A and B and offer four days of in-person learning.

Thank you for your continued support and patience as we collaborate to ensure the well-being of our students, staff and community members.

Sincerely,

A handwritten signature in black ink, appearing to read 'C. Potter II', is written over a white background.

C. Thomas Potter II, Ed.D.  
Superintendent  
Morgan County Schools
